THE FUNDAMENTALS	1
The Photographic Colors — Projection Printing the Most Popular — Sepia Toning of Developing-Out Prints — Prints for Toning — Testing for Fog — Testing the Safelight — Judging the Depth of Printing — Sepia Tone the Most Popular — Classification of Paper Types — Chloride Papers — Toning Not Always Needed	
SEPIA TONING	12
Hypo-Alum Toners — Kodak T-1a Hypo-Alum Sepia Toner — Ansco 222 Hypo-Alum Toner — Defender 2-T Velour Black Hypo-Alum Sepia Toner — Defender 3-T Velour Black Hypo-Alum Iodide Sepia Toner — G 401 Hypo-Alum Toning Bath (Gevaert) — Dassonville Hypo-Alum Toner T-3 — Liver of Sulphur Toning — Hypo-Alum Gold Toners — Defender 1-T Hypo-Alum Sepia Toner — Nelson Gold Toner — Indirect Sepia Toning Methods — Sulphide Redevelopment Formulas — Kodak T-7a Sulphide Sepia Toner — Ansco 221 Sepia Toner — Defender 4-T Redevelopment Sepia Toner — Gevaert G 411 Sulphide Redeveloper — Dassonville Sulphide Toner T-1 — Hardening Bath H-1 — Thiocarbamide for Redeveloping — Potassium Permanganate for Bleaching — Special Toners for Varigam Paper — De-Sulphiding Toned Prints — Variations in Color — Silver-Mercury Sulphide — Iron Spots — Recapitulation — Nitro-Sulphide Toning — Sepia Tones by Restrained Development — Adurol	
GOLD, SELENIUM, COPPER, AND URANIUM TONING	45
Crimson Tones on Sepia Prints — Red Tones with Thiocarbamide and Gold — Selenium Toning — Copper Toning for Browns and Reds — Uranium Toning	
BLUE, GREEN, AND OTHER TONING DATA	53
Blue Toning with Intensification — Kodak T-12 Iron Toner — Ansco 241 Iron Blue Toner — Blue Toning with Ferrous Sulphate — Green Tones — Blue or Green Tones — Gevaert G 416 for Blue or Green Tones —	

Ansco 251 Green Toner — Blue Toning with Ammonium Thiocyanate and Gold Chloride — Gold Sulphocyanide Toner — Blue Toning with Thiocarbamide and Gold Chloride — Dassonville Gold Chloride Toner T-6 — Gevaert Formula for Blue Toning with Thiocarbamide and Gold Chloride — Controlling Blue Tones — Multiple Toning — Using Edwal-Mansfield Color Toners — Multiple Toning with Heat — List of Proprietary Toners — Waxing after Toning — In Conclusion
